

KCI's GREENSTAR™ Eco-Friendly Products

KCI's GREENSTAR™ is a unique line of Canadian engineered and manufactured waterborne products that meet or exceed all current North American environmental standards including:

- Greenseal GS-11 Standards
- Green Guard Standards
- LEED 4.2 Low Emitting Materials – Paint & Coatings
- South Coast Air Quality Management District (SCAQMD) Rule 113-R-VOC

In addition, GREENSTAR™ products do not contain any of the following prohibited or suspect chemicals:

- Formaldehyde or formaldehyde donors
- Isocyanides
- Heavy metals
- Phthalates
- HAPs solvents or volatiles
- Alkyl phenol ethoxylates (APE's)
- Triphenyltins (TPT) or Tributyltins (TBT)

GREENSTAR™ products feature outstanding application and performance characteristics. All products in this line meet or exceed testing requirements found in the following industry standards:

- KCMA (Kitchen Cabinet Manufacturers Association) ANSI/KCMA A161.1.2000
- AWI (Architectural Woodworking Institute) TR-3/OP-3
- NAAWS (North American Architectural Woodwork Standards)
